Furniture Question in new home?

Image taken on 2010-04-24 12:48:01 by Ed Yourdon.

Hey guys i have a question about furnishing my new home. I have nothing in my new home besides some appliances. I would like to buy bedroom sets, living room sets, and a home theatre set-up, i was wondering what my options were. How does furniture credit work? What are the interest rates? How else could i pay?

thanks
